

YOUR RESTORATION WILL BE A

# BIG HIT WITH EXQUISITE

**Exquisite Restoration™** is a visible light-activated, nanofilled composite for anterior and posterior restorations. Beside its low shrink and low abrasion, **Exquisite Restoration™** has exceptional handling and provides excellent mechanical properties. **Exquisite Restoration™** is highly radiopaque and is very wear resistant.

## Benefits:

- Low Stress Restorations
- Long-term Durability and High Hardness
- Non Sticky, Easy to Handle
- Highly Sculptable
- Beautiful, Esthetic Restorations

## Features:

- Low Shrink
- Improved Wear Resistance
- Highly Sculptable Consistency
- Excellent Gloss and Polishability
- High Filler Loading
- Offered in Syringes or Unit Doses

**Durable...Easy...Exquisite.**
